

EFI Components

Power Commander V Fuel and Ignition Timing Control for each cylinder in a new smaller enclosure. Rev Xtend feature increases stock rev limiter. Switch between two maps "sent on the fly" can be adjusted on a "per gear" basis and allows for one map per cylinder per gear if required. Adjustment of fuel and timing is based on engine temperature provided by the cold start feature. Will power up with USB cable only for programming. **Note:** Not legal for use on pollution controlled vehicles.

VT No.	Fits
32-0842	2007-11 FXST-FXCWC-FLSTF
32-0843	2009-11 FLSTC/FLSTN (plastic mount tray included)
32-1960	2009 FLT
32-1961	2009 Dynaglide
32-1962	2010-13 FLT
32-1039	2012 FXST, FLST
32-1043	2012 Dynaglide
32-1048	2013-up Dynaglide

Automatic Tune Kit for all HD PC-V Power Commanders plugs

directly into the PC-V with a single cable. It includes power connector that plugs into a bike's harness. Rider can specify what air/fuel ratio to make each RPM and throttle position combination. Base settings are included and fully adjustable. Fits 1996-99 FLT. **VT No. 32-1965**

Emissions and Noise Regulations

Important Information:

Disclaimer: The California Air Resources Board (CARB does not permit the use of aftermarket emission-related parts) that alter the performance of OEM emission-related devices unless CARB has issued an executive order, other than on racing vehicles on closed course. Check your local laws and manufacturer's information.

Disclaimer: Emission related parts for OEM Non-emission control system equipped motorcycles as well as slip on mufflers that mount downstream of and which do not alter the performance of OEM emission-related devices, are considered legal replacement parts by CARB. More California exhaust information is available a www.arb.ca.gov.

Disclaimer: Aftermarket products, including but not limited to exhausts, fuel, air controllers, air filter kits, camshafts and carburetors and jet kits which alter, modify, or replace emission control devices or systems of an originally compliant highway motorcycle, are not legal for sale or street use in California unless they have been issued a CARB Executive Order. Aftermarket emissions related products which have not been issued an Executive Order or which are not aftermarket Replacement Parts, as defined in Title 13, California Code of Regulations, Section 1900 (b)(2), are authorized for closed circuit race use only. Products shown may be designed, manufactured, intended and sold for closed circuit race use only and use of the same on public roads or lands may be a violation of local, state and/or federal laws. See manufacturer's information and state and local laws to determine what is authorized for your use on your vehicle.

Disclaimer: Products shown may not conform to federal, state or local noise regulations.

Warranty Disclaimer: There is no warranty on exhaust pipes and mufflers with regard to any discoloration. Discoloration (blueing) is caused by tuning characteristics, i.e. cam timing, carburetor, etc. and is not caused by defective manufacturing.

Disclaimer: Check your applicable laws and manufacturer's publication(s) and/or website(s) for manufacturer's warranty, maintenance, safety, mounting and any regulatory compliance/non-compliance information.

Power Commander III USB Engine Management Systems are for fuel injected models and allow for both fuel and ignition adjustments. Each unit includes a specific map, designed to improve performance over stock. The Power Commander includes IBM compatible link cable and software package which allows you to fully map the fuel ignition curves on IBM compatible computers. If a computer is not available, the fuel curves can be adjusted by using three touch buttons on the face plate.

DynoJet Power Vision Flash Tuner offers the latest flash tuning technology and data logging. Includes a full color touch screen flash device, vehicle interface cable, and winPV. Types of tunes that are deliverable to your bike are pre-configured, which are loaded on the device from DynoJet. When using the pre-configured tunes, this device will identify the ECM strategy, stock calibration, and sort the tune files. Custom tunes option can be loaded or emailed to you by a custom tuner, or a copy of your stock tune can be used. The tuner holds any combination of the three types, but up to six tunes. Fits 2001-10 FLST, 2004-11 FXD, 2001-10 FLST, 2002-13 FLT.

VT No. 32-1056

Caution: These products are not legal for sale or use in California on pollution controlled vehicles. These products are intended for non-highway only.
