18-3691

Carbon Fiber Clutch Sets for wet clutch by Barnett. Carbon fiber clutches feature excellent lubricity and very good energy absorption. Order steel plates separately.

VT No.	Year
18-3688	1971-84
18-3689	1984-90
18-3690	1991-up
18-3691*	1991-up

*Note: Consists of nine friction plates and eight steel drive plates. Add 12% more surface area. Double steel drive plate is not used.

18-3742

Barnett Scorpion Clutch Kit features over twice as much friction surface area compared to stock clutch. Scorpion Clutches provide a positive engagement and release. The kit incorporates six heavy duty coil springs. In addition, an extra spring set with a different spring rate is included which allows the clutch to be tuned for street or race application depending on usage. Tunability is easy without removal of the primary cover. Barnett friction plates are compatible with any primary oil. Each kit is designed to be used with stock type clutch basket.

VT No.	Fits
18-3722	1971-83
18-3732	1984-90
